

Diamond Drill

Out of the Past

February 27, 1925

Last Sunday night Sheriff Dickie received a report that a dance was in progress at the Great Western Location east of the Paint River. He drove over there and found a big crowd enjoying themselves and immediately halted the activities and sent the assembled dancers and band members home with a warning that next time he catches a dance in progress in violation of the ordinance against Sunday dances someone will suffer.

The Amasa High School boys basketball team defeated the Greenland High School squad (37 -7) on their home floor. The Amasa High School girls team also defeated Greenland (15 – 4). This is the first time the girls have played an outside team which makes the victory especially pleasing.

Ad: Easy Money!!! Just bring in a name – We will pay to any boy or girl attending our public schools \$5.00 for any name given us as a prospect for a car that results in a sale Flood's Garage (419 Superior).
