

Diamond Drill

Out of the Past

March 13, 1897

Crystal Falls Schools Superintendent C.W. Mickens is regarded as one of the best informed and most able man in the State of Michigan with regards to "child study". The child study is not an educational fad but a whole scheme founded upon a broad conception of the physical and intellectual nature of the human body and mind in conjunction with the principals of the science of education.

A Finnish College was recently established in Hancock, Michigan under the auspices of the American Synod of the Finnish Evangelical Lutheran Church. Currently the college has a small enrollment with hopes of becoming a large institution in the future.

The Michigan Mining School founded 1885 in Houghton, Michigan which has been maintained as a "free" school will now charge students a \$25 per year tuition fee for Michigan residents and non-residents from \$50 to \$200 per year.

It has been ascertained by experiments that persons hear better when the telephone is placed against the left ear. In order educate the right ear to the same point of efficiency it is recommended that the telephone receiver be held against the right ear half the time.
